

Did you know?

Each day 10,000 humans are born in the U.S. – and each day 70,000 puppies and kittens are born. As long as these birth rates exist, there will never be enough homes for all the animals. As a result, millions of healthy, loving cats, dogs, kittens and puppies face early deaths as a form of animal control. Others are left to fend for themselves against automobiles, the elements, animals and cruel humans. What can you do to stop the suffering? *Spay and neuter your pets!* Work with SpayUSA and together we can make a difference.

An unspayed female cat, her mate and all of their offspring, producing 2 litters per year, with 2.8 surviving kittens per litter can total:
